FOR ROOFING lilly, Ala. THE subscriber is now prepared to cover a buildings, with a new and better article that the before known. The public are aware that our Government has had scientific mon experimenting, and that it has been the study of Architects and Buildiers for years, to discover an article for rooding purposes, that would stand the sudden changes or the weather, and be impervious to fire and water, and remain a permanent fixture. ous to fire and water, and remain a permanent fixture. As yet, nothing has been attained without desting more than the people wish. The contraction, expansion and rusting of metal roofs, are so great in changeable climates, that they been me useless unless being repaired at great expense yearly. Shipples are not fire proof, and cannot be used on flat roofs, and the various Compositions and Competit that have been brought into use fir roofing, do not stand the action of the weather, but they run when it is waren, as a crack when frostly, add as or one or two pears become crun bly, and worthless; whereas, the interner of the Galvanic dement, has labored twe bity years to combine articles to obvise those difficulties, and can testify from his long experience, and numerous testimontals from reliable persons, who have had his combination applied to their buildings, that his Cement is the theapest a diseat article ever before known. The combination of this Cement is such that it is calculated for untire new this Cement is such that it is calculated for entire new roots, dat a steep; covering over old shingles without removing them; lining save troughs, seeming around battlements, chimbers and say lights. Covering cartops, steamer decks, i.e. This Cement, by its non-conduction and gairigiam, pravents metal roots from reading and undersoldering, and resists the extreme so of hest and cole, better than snything even invented, for entire roots of for covering metal and the ontside of wood buildings, making them fire groot. Its appearance is like slate; beautiful for the rich palace or the humble cottage.

The undersigned having secured the right to the State of Tennessee, will self-rights of Territors, by Counciles or towns, on reasonable terms. this Cement is such that it is calculated for entire new of Numerace, will sell rights of Territory, by Counties or towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This poer is new being gut on in this city, for the benefit of all concerned, and warranted to excel all other, modes of roofing. The subscriber having resided in the city of Memphis one year, and has had his mode of roofing tested as to its qualities, which has proved satisfactory, by which a number of the most prominent citizens can testify.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardect spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seal of life, thrilling and quick-ming every nerve, raising up the drooping spitit, and, in fact, infusing new health and vigor in the system.

Norther—Whosever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grafeful aromatic excital, possessed of singular remedial properties. W. S. HERNNETT, Proprietor.

Attached is a note from John L. Morgan, Bey, A. chitect, by which may be seen the opinion of Mr. Samus!
Soan, the ceichrated Architect, and writer upon Architecture, whose experience with this mode of routing.

NOTICE — Whenever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a srateful aromatic excital, possessed of singular remedial properties.

CAUTION.

The creat popularity of this delighted Aroma has induced many imitations, which the public should guard a sinal purchasing. Be not persuaded to key anything else until you have riven Boerthaws's Halland Bitters a fair trial. One battle will convince you how infallely superior it is to all these imitations.
